

Minutes of Meeting held on 19/12/2016 at 4.00 PM at the Conference Hall of GMDA for consultancy services for Preparation of Feasibility Study & DPR for Two Bridges over River Brahmaputra Connecting Panbazar-North Guwahati & Palasbari-Sualkuchi in Guwahati, Assam, India.

Members Present- placed at Annexure-I

Chief Engineer, GMDA chaired the meeting and welcomed all members.

Superintending Engineer, GMDA appraised that as per decision of the pre-bid meeting on 12/12/2016 today i.e 19/12/2016 site visit is made with the experts of the intending bidders. The queries raised by the intending bidders were discussed in detail after the site visit.

The following major queries raised by the intending bidders are replied and clarified as follows:

1. The bridges shall be road cum Rail Bridge and design to cater both the loading as per RFP.
2. The determination of design of bridge like cable stayed or double decker etc. is the scope of the consultant.
3. For geotechnical investigation the minimum number of bore holes and the depth of the bore holes along the alignment of the bridges will be issued as Addendum as follows:
“The depth of bore holes shall be upto 80 metres in soil, normal condition (upto $N \geq 100$) or 3 metres in intact Hard Rock (RQD $> 50\%$) or 10 metres in weathered rock (RQD upto 50%). The minimum numbers of bore holes along the alignment shall be 11 nos. for the bridge Panbazar to North Guwahati and 17 nos. for bridge Palsbari to Sualkuchi across River Brahmaputra”.
4. The total duration for conducting of Feasibility Study & DPR shall be 12 months, same as per RFP document.

The meeting ended with vote of thanks.
